Dave and Travis,

I'm available to give the tour on the 2nd. Much appreciated if we can watch the safety video at the Arcadis office.

Regards,
Taurus

Taurus and Travis,

There will be three people coming from Bridgeport Indian Colony on November 2nd to tour the Anaconda Mine and they will be at the entrance to the mine about 11:00 AM. If someone could meet them there and escort them up to the office for the safety training, it would be much appreciated.

I will be on annual leave, so I won't be available to attend the onsite with the tribe members. Please let me know if this tour is possible for the 2nd, so I can relay the information back to the tribe.

Thank you,
